CARRIER OBJECTIVE

To secure a position as a Web Developer in a dynamic organization where I can utilize my expertise in HTML, CSS and JavaScript to create and optimize user-centric web solutions. Eager to contribute to innovative projects, collaborate with cross-functional teams, and continually grow both technically and creatively in the domain of web development.

EDUCATION

Bachelor of Technology in Computer Science and Engineering   *2020-24*
Integral University, Lucknow   CGPA: 8.9

PROJECTS

Unifinder (React Js)   URL

- Designed "UniFinder" to simplify university life by offering easy access to campus information, catering especially to newcomers.
- Incorporated user feedback and research to create an intuitive platform for navigating local amenities.
- Developed a centralized platform providing comprehensive information on campus services like restaurants, hostels, and shops.
- Implemented features like search, interactive maps, and detailed listings for efficient information access.

Personal Portfolio Website (HTML, CSS, JavaScript)   URL

- Created a personal portfolio website showcasing projects, skills, and achievements.
- Utilized HTML and CSS to design an aesthetically pleasing and informative interface.
- Incorporated responsive design principles for optimal viewing on various screen sizes.

WORK EXPERIENCE

Oasis Infobyte Virtual Internship   **D**ec 15,2022 - Jan 15,2023

- Collaborated with the development team to enhance the functionality of a web application.
- Contributed to debugging, troubleshooting, and optimizing codebase.
- Gained valuable experience in real-world software development practices
